Icons Descriptions (child's view)

Summary; a sep slide is shown further on for each icon

The child can see what the meds are, the dose, schedule, and refills available

This shows a monthly calendar that anyone can put info into such as doctors visit, PT/OT, etc. Relatives can input when they are coming to visit, etc. You can add in birthdays, anniversaries, etc.

This is a detailed view of all the scheduled activities – it directly links to calendar

Vitals

If available, the caregiver puts in the vitals for the day or week including glucose

Anyone can type a note to anyone else who is a member of the portal. An icon flashes up to their dashboard page letting the receiver know they have a note. As well, the note also links to the member's e-mail and is sent there.

Instant Msg

There is an Instant Messaging capability for anyone who is logged in that also connects with their phone's text messaging.

This is a skype icon that can skype with anyone logged in
